### Drop/Add Policy

**To drop a course after June 30:** Students wishing to drop a course must wait until school days 20 to 25 of the 1<sup>st</sup> or 2<sup>nd</sup> semester or before 2<sup>nd</sup> semester begins. Students will not be dropped from a class prior to that time. After day 20 students must talk with their counselor to get a “Request to Drop a Class” form. Students dropping a class during days 20 to 25 will be rescheduled into an Academic Study Area with no penalty. Requests to drop a course after day 25 of the semester must be approved by an administrator. If the request is granted the drop will be considered a failure and an “F” will be recorded on the transcript and calculated with rank and GPA. There will be no further schedule changes except for individual circumstances such as students needing to meet graduation requirements or meeting competencies.

**To Add A Course Second Semester:** Requests for adding courses will be considered one week prior to second semester. Students should make an appointment with their guidance counselor during first semester exam week to explore options and course openings.
