Course Request Scheduling Process: Students select courses in December for the following school year. Students who return forms by the deadline are the first students considered for enrollment in the courses they have chosen. It is important that students consult parents, counselors and teachers so that they can make appropriate choices for courses. Students will receive schedules at the end of the school year so that all changes in course requests and schedules may be processed by the end of June. **All REQUESTS FOR SCHEDULING CHANGES MUST BE MADE BY JUNE 30TH.**

Full-Time Student Requirement

Senior: Five academic credits including one credit of communication arts and four additional credits. Students will be assigned an academic study area during any non-scheduled hours. These academic areas are supervised by teachers who can offer academic support. Use of the LMC, computer labs, and other resource/student service areas will be available to students on a "pass" basis.
