Student Narrative

Learning in an online school environment requires a great deal of **self-discipline, motivation** and **initiative** to complete each course in a timely fashion. Students typically need to spend at least 25 hours per week on their online courses.

Explain how you anticipate this commitment will impact your life. When and where in your schedule will you be able to structure the time and environment to make this a successful experience? Please address this in general and in terms of what a typical week's learning experiences might look like for you.

Student Signature _____ Date _____

Parent/guardian, mentor/coach Perspective

In what ways will you be able to support and encourage this student in an online school environment? Do you feel that this student possesses the motivation, initiative and positive attitude that are essential to being successful in such a flexible learning environment?
