

Electronic Resources Available Online!

Accessing AASD Library resources from home is easy and provides your family access to many educational resources. Just follow this path from the AASD home page: Click on the **Students** tab and then click on **Elementary Library Resources Link**. Students should use their school computer username and password to access the library catalog and other electronic resources. Parents and students who do not know their username or password may access these resources using the following *guest generic log on*: username: **appleton**; password: **library**.

Students who have logged in to the library catalog using their *school computer username* and *log in* may check **My Account** for books checked out and their due dates. Students may go into **Destiny Quest**, found on the left side menu. In **Destiny Quest** they will find a tab for **My List**. Students may drag and drop titles creating a list of books they want to read.

eBooks Are In the LMC!

Students and parents may also access and read **eBooks** online! To read the **ebooks**, click on the **Elementary School eBook Shelf** as shown below.

Library Catalogs

- [School Library Catalog](#)
- [Elementary School eBook Shelf](#)
- [Appleton Public Library](#)

Students will need to login to read ebooks by using the following log on:

Username=school computer login (example: BAN045570)

Password=10 digit barcode # (example: 1000045570)

Use 1000 and then your student number which is the same as the lunch code.

A bookmark is available for readers to mark their spot. The bookmark is attached to the individual reader's log on and will be available whenever the reader comes back to continue reading the book if he or she logs on with their user name and password.

eBooks should be read online. Multiple students can read the same book on the same night if the book is not checked out.

Please contact Gwen Davis, Franklin Media Specialist with questions or for more information.
