

Appleton Area School District Student Directory Data and Media Opt-Out Form

Student Last Name (print) _____ Student First Name _____

Grade _____ School _____ School Year _____

If you DO NOT want your student's directory data, images, recordings, etc. released, you MUST return this form. This form will need to be completed each school year.

DIRECTORY DATA

The Appleton Area School District designates the following student information as Directory Data: ADDRESS & GRADE LEVEL.

DO NOT Release my student's directory data (address and grade level) to any person or non-AASD organization who requests it (examples: photographers for senior pictures, driver's ed., YMCA, Scouts, etc.).

DO NOT HIGH SCHOOL STUDENTS ONLY: Release my student's directory data to the Military or Institutions of Higher Education. *Please note: Military/Higher Ed requests will include Student's Name, Grade, Address, and Phone Number.*

MEDIA RELEASE

Throughout the school year, photos and videos may be taken of students, student work, and school activities. These photos and recordings may appear in various District materials including school and district websites, social media etc. Student names are usually not used in association with media, but when they are, only first names will be used except in situations where full names are standard. Most parents/guardians support and encourage this celebration of achievement, so by default, all parents/guardians who register their students are giving permission for this use.

Parents/guardians who wish to prohibit their student's image or images of the student's work from appearing in any of the above venues must opt-out below:

DO NOT Allow my student's image, work, accomplishments, etc. to be used on school and district websites, social media etc.

DO NOT Include my student's name, grade, and picture in the school yearbook.

Parent/Guardian Signature _____

Please be aware that ensuring student privacy is not possible at school-or-district-sponsored public performances or athletic/activities events where cameras are permitted. Other students, parents, community members and news media may record/photograph/film at events and publicly share this information. By choosing to have their children participate in such activities and programs, parents/guardians are agreeing to this condition. News media access to non-public locations and events, such as inside a classroom, will follow established guidelines.
