

## LIBRARY MEDIA MATERIALS SELECTION

### Responsibilities for the Selection of Library Media Materials

In Wisconsin, it is the role of the local school board to establish written policies, procedures, and rules for the operation of the schools within the District to provide adequate library media materials which reflect the cultural diversity and pluralistic nature of the American society. In addition, the District shall not discriminate in the selection and evaluation of library media materials on the basis of sex, race, color, religion, age, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, gender identity, gender expression or physical, cognitive, emotional or learning disability in its education programs or activities. Discrimination complaints shall be processed in accordance with established procedures.

The Board of Education, as the governing body of the District, is legally responsible for all educational materials utilized within the instructional program of the Appleton Area School District. The selection of library media materials is delegated to the professionally trained and certified personnel employed by the school system. The responsibility for coordinating and maintaining qualitative standards in the selection process rests with the Assessment, Curriculum, and Instruction (ACI) department.

### Objective of, and Criteria for, the Selection of Library Media Materials

The primary objective of selecting library media materials is to implement, support, and enrich the educational program of the school system. While specific criteria are developed by the Library Media Department, the general criteria utilized in the selection processes are:

- Materials are selected consistent with the educational goals of the District regarding locally designed standards, State standards, and National standards.
- Materials selected are appropriate for the age, social development, and maturity of students.
- Materials and information shall meet high standards of quality in factual content and presentation.
- Materials and information shall have factual, aesthetic, literary, ethical, or social value.
- Materials and information chosen shall be written/produced by competent and qualified authors and producers.
- Materials and information shall be chosen to represent our pluralistic society and to foster respect for all groups of people who form our society.
- Physical format and appearance of materials and information shall be suitable for their intended use.
- Materials are selected on all levels of difficulty with diverse appeal and differing points of view.

## 361.2 (cont.)

- The selection of materials on political theories and ideologies, religion, public issues, and on topics considered by some to be controversial, is directed toward maintaining a balance representing various views.
- Materials are judged as a whole taking into account the author's/producer's intent rather than focusing on single words, phrases, pictures, or incidents taken out of context.

### **Procedures for Handling Objections to Library Media Materials**

#### **A. Individual Parent or Guardian Request for Alternate Materials**

The option is always open for a parent or guardian (hereinafter parent) to object to specific library media materials being used with his/her child as part of the educational program. However, no parent or organization has the right to limit other students' access to materials which are part of the District's educational program.

#### **B. Request for Reconsideration**

1. Any adult resident of the District, any parent of a child enrolled in the District, or any employee may raise objection to library media materials used in the educational program. In the event of an objection to the use of a specific library media material, every effort shall be made to first resolve the matter at the school level.
2. If the matter is not resolved, the complainant may formally challenge the use of specific materials at the District level.
  - a. This complaint must be in writing, using the District's Request for Reconsideration of Library Media Material form – Appleton Area School District (AASD) Library Media Materials Review Committee, and shall be sent to the Superintendent.
  - b. The Superintendent forwards the form to the chair of the AASD Library Media Materials Review Committee, which is composed of citizens, professional staff members, and students. The task of the Committee is to review the material in question and provide written recommendation to the Superintendent of Schools regarding its continued use in the District.
  - c. The Superintendent shall review the AASD Library Media Materials Review Committee's recommendation. The Superintendent may ratify, amend, or overrule the recommendation of the Committee. The Superintendent will provide copies of the AASD Library Media Materials Review Committee's recommendation and his/her decision to the complainant within five (5) school days of receipt of the Committee's report. The Superintendent will provide the Board of Education and the AASD Library Media Materials Review Committee with copies of his/her decision.

## 361.2 (cont.)

### 3. Appeal Process

- a. If the original complainant is not satisfied with the Superintendent's decision, a request may be filed with the Superintendent to have the matter placed on the agenda of the next regularly scheduled Board of Education meeting. The request needs to be filed with the Superintendent within ten (10) school days of the date of the receipt of the Superintendent's decision. If the appeal request is submitted less than five (5) school days prior to the next regularly scheduled Board meeting, the Superintendent may move the matter to the next subsequent regularly scheduled meeting of the Board.
- b. The Board of Education, meeting as a committee of the whole, shall constitute the final step in the appeal process.
  1. The Board shall review the documentation accompanying the Request Form as well as the AASD Library Media Materials Review Committee minutes and other related Committee materials to determine whether or not procedural and non-discriminatory guidelines outlined in this policy were followed.
  2. At its discretion, the Board may elect to conduct interviews with all parties pertinent to the material review process.
  3. A decision of the Board with regard to action taken is final.

## LIBRARY MEDIA MATERIALS SELECTION

### Procedures

#### I. Definitions

Library Media Materials – those materials that are acquired by and circulated from the Library Media Centers (LMC) for student and/or teacher use.

For the purposes of these rules:

- Library Media Center (LMC) is used as a synonym for Media Center and School Library.
- Library Media Specialist is used as a synonym for Media Specialist or Librarian.
- The term Materials is used for any materials or information, regardless of format.

#### II. Procedures for Selection of Library Media Materials

In selecting materials and information for purchase for the LMC, the library media specialist will evaluate the existing collection and the curriculum needs, consider the weeding and replacement plans, and consult with reputable, professionally prepared selection aids and other appropriate sources. Recommendations for purchase will be solicited from faculty and the student body. Recommendations from parents and community members will also be considered. Such recommendations will be seriously considered but are not binding on the library media specialists.

Materials and information offered as gifts shall be evaluated by the criteria given in the policy and shall be accepted or rejected based upon those criteria. Such materials will not be accepted if subject to restrictions on use or disposal or if they would produce an imbalance the LMC cannot afford to redress.

Selection is an ongoing process. It shall include the removal of materials no longer appropriate and the replacement of lost and worn materials still of educational value. This process shall be guided by the policies and procedures for replacement and weeding. Selections shall be forwarded to the designated business or administrative office for purchase throughout the year.

#### III. Procedures for Handling Objections to Library Media Materials

The principal will review the Library Media Materials Selection policy and the objection procedures with the school's professional staff on an annual basis prior to the start of the school year. The professional staff will be reminded that the right to object to materials is recognized by the Board of Education and that individuals exercising that right shall be treated courteously. The staff will also be reminded of the ethical and practical considerations necessary when handling objections.

##### A. Initial Objection Procedure

The school official or staff member receiving a complaint from an adult resident of the District, any parent of a child enrolled in the District, or any employee shall try to resolve the issue informally. The school official or staff member shall:

## 361.2-Rule (cont.)

1. Explain the District's selection procedure, criteria used for selection, and the qualifications of those who made the selection.
2. Explain the place that the library media material in question occupies in educational program and its intended educational use (in the event that the official or staff member does not have knowledge of this information, a person who does, such as the department leader or library media person, shall be involved).
3. If the person raising the objection is not satisfied with the initial explanation by the staff member, the complainant shall contact the principal regarding his/her objection and schedule a meeting.
4. The principal will meet with the complainant to apprise him/her of the District's selection policy, criteria for selection, the reason for the selection, and the judgment of other outside professionals in the education field, such as reviewers, regarding the material. Appropriate District-level personnel shall be consulted for their expertise, which may contribute to a resolution of the issue.
5. In the event that the complainant is not satisfied after the meeting with the principal, the principal will inform the complainant of the Materials Review Process and provide the Request for Reconsideration of Library Media Material form – AASD Library Media Materials Review Committee. This form must be completed by the complainant and returned to the Superintendent. The principal will forward any records relating to the complaint to the Office of the Superintendent.

### **B. District Library Media Materials Review Procedure**

The following procedure is for the purpose of bringing reconsideration requests before a District level committee representing the District, students, and the community after the matter has been reviewed at the school level. The committee is charged with weighing the merits of the request against the educational suitability of the material and then making a recommendation on the disposition of the complaint. The committee shall comply with the directive of Wis. Stat. ss. 121.02 (1) (h) that each school board shall provide adequate instructional materials, texts and library services which reflect the cultural diversity and pluralistic nature of American society.

Request for reconsideration of library media material shall not be confused with the normal reviewing process as a part of selection. This will not be considered to reflect adversely on the qualifications of the person or persons who made the selection.

1. All formal requests for review must be made on the Request for Reconsideration of Library Media Material form – AASD Library Media Materials Review Committee.

## 361.2-Rule (cont.)

2. The Request for Reconsideration of Library Media Material form must be signed by the complainant and filed with the Superintendent.
3. The task of the Review Committee will be to make recommendation for disposition of the material in question to the Superintendent.
4. The challenged material will not be removed from use during the reconsideration process until a decision is made by the Superintendent. However, the Superintendent reserves the right to temporarily remove materials pending the reconsideration process if justified by unusual circumstances.

### **C. AASD Library Media Materials Review Committees:**

Two District library media materials review committees will be established; one to consider complaints from materials used at grades PK – 6 (elementary) and a second to consider complaints from materials used at grades 7 – 12 (secondary).

  - f. Three non-parent community members who are residents of the District will be selected through an application/lottery process serving a two year term.

## 361.2-Rule (cont.)

7. In the event of multiple challenges involving different materials, the review committee may appoint a subcommittee of members and/or nonmembers to consolidate challenges and make recommendations to the full committee. The composition of such subcommittees shall approximate the representation of the AASD Library Media Materials Review Committee.
8. A request to review materials that have previously been before the committee must receive approval of a majority of the committee members before the materials shall be reconsidered. Requests with less than a two-year lapse will not be considered. Every completed Request for Reconsideration of Library Media Material form – AASD Library Media Materials Review Committee that is submitted to the District office shall receive a written response from the Superintendent or his/her designee.
