

# Appleton Area *School District*

## Late Start Dates

The Appleton Area School District will be continuing monthly Late Start Instructional Collaboration Days again this school year. The purpose of this additional monthly collaboration time is to allow teams of teachers to meet together regularly to review student progress and to plan more effectively for instruction. Professional collaboration is at the heart of the District's Continuous School Improvement Planning (CSIP) process.

The two hour late starts will occur on the **second Wednesday of each month, with the exception of May, 2018. An additional Late Start Day has been added to the calendar.** The school day will begin **exactly two hours later than the regularly scheduled start time.** The dates are listed below and have been added to the Appleton Area School District Calendar for 2017-2018 on the AASD website.
