

STOPit

STOPit is a platform that our district has adopted in order to deter, mitigate, and manage bullying, cyberbullying, and other harmful or inappropriate behavior.

STOPit empowers individuals with a simple, completely anonymous mobile app to report incidents, including attaching photo or video evidence.

STOPit's anonymous two-way chat provides a safe and comfortable way for people to communicate about sensitive issues.

Students have the power to help put an end to harmful and inappropriate behavior they see online through social media and other means. They can use STOPit to reach out for help if they or a peer are facing a personal crisis or experiencing bullying, abuse, or are otherwise in need of assistance. Our goal with STOPit is to create a safer, kinder school community, both online and off.
