

# Appleton Area School District 3 to 5 Year Old Developmental Screenings

The Appleton Area School District recommends that ALL children participate in a developmental screening:

- Children should be screened on or after their 3rd birthday
- We prefer to see children at age 3 and before entering 4K
- If your child is currently attending 4K, and has not been screened, please contact us to schedule an appointment.

*Parents or Guardians do not need to  
have concerns to schedule a screening!*

**FOR MORE INFORMATION OR TO SCHEDULE AN APPOINTMENT,  
Please call Sharon at 920-832-6109**

## The Developmental Screening is designed to:

**Educate** families about typical child development and growth

**Develop/Expand** awareness of available community resources

**Identify** young children in need of further assessment

*Children between the ages of 3 and 5 who are not enrolled in 5-year-old kindergarten, and who live in the Appleton Area School District, are eligible for a developmental screening.*
