

# Accessing AASDLOGON Wireless using a Windows Computer

1). Left click on the wireless network icon (located in the lower right hand corner of your screen)

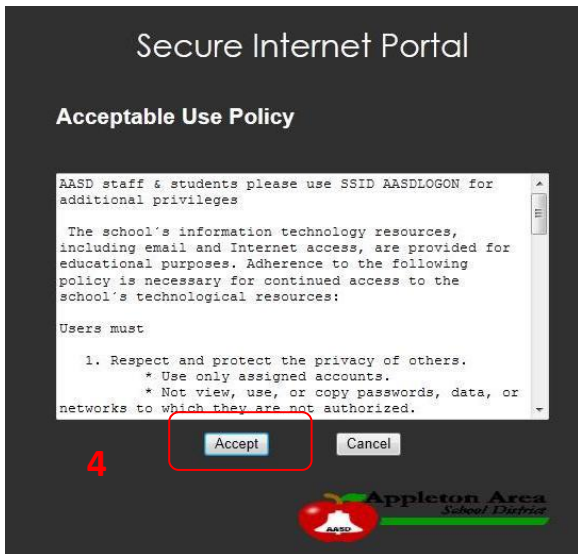

2). Left click on **aasdguest**

3). Left click on Connect (You might not see this step. It depends on what version of Windows you have).

4). Once you see the Acceptable Use Policy page, read, and click **Accept**

5). When you see this page, you have successfully joined the network.
