# Course Descriptions

\*\*\*When looking at grade level, use grade entering in fall.

## 1<sup>st</sup> Grade Here I Come

\$15.00

Grade 1

A course designed for children who have completed kindergarten. Students will continue the curriculum from kindergarten, doing enriching math, reading, writing, science, social studies, computers, physical education, and art activities. *Class meets from 8:30-11:30*

## 2<sup>nd</sup> Grade Reading Adventures

\$5.00

Grade 2

Students will listen, read and respond to a variety of literature and informational texts for the purpose of identifying their interests and expanding their knowledge of different genres. Students learn to select "just-right" books and are matched to appropriate texts so that they can read for meaning and fluently apply reading strategies and foundational skills during guided practice. Students use writing and illustration to express their ideas. Lessons in language/word study are brief, focused, and engaging.

## 3<sup>rd</sup> – 4<sup>th</sup> Grade Reading Adventures

\$5.00

Grades 3-4

Students read and respond to a wide variety of literature and informational texts. Students learn to select "just right texts", apply reading strategies, and demonstrate understanding of texts read by asking and answering questions during collaborative discussions. In addition, students write in a variety of ways to share their connections, build upon their knowledge, and express ideas. Lessons in language/word study will develop their understanding of concepts, vocabulary, and grammar.

## 5<sup>th</sup> – 7<sup>th</sup> Grade Reading Adventures

\$5.00

Grades 5-7

Students learn to select and read from a variety of short literature and informational texts representing several genres, formats, and perspectives. They apply reading strategies to understand what is read, describe characters, determine main idea/key details, examine theme, and identify the narrator's point of view. Students read closely, identifying text evidence to support their written reflections and collaborative conversations. Students use their knowledge of language and word study to support understanding while continuing to develop fluency and accuracy.

## Art and Set Design

\$10.00

Grades 4-7

This is a hands-on class where students will create and learn about artistic set design and construction and stage props. The class will culminate in the support of performances by the Theater classes.

## Basic Computer Programming

\$5.00

Grades 4-7

Students will learn how to use Scratch and program their own interactive stories, games, and animations. Scratch helps young people learn to think creatively, reason systematically, and work collaboratively. Other appropriate elementary focused programs and games may also be used, including Google Docs, Sheets, Slides, Forms, Drawings, and Sites.

## Bits and Bytes

\$5.00

Grades 2-3

Students will learn about technology of the 21<sup>st</sup> century. Google Drive, Slides, Sheets, and Sites will be used to create and save work in the cloud. Projects will be used to enhance knowledge of technology and skills needed

## Booking and Cooking

\$10.00

Grades 2-4

This course integrates literacy and cooking. Each day, children will read and respond to quality children's literature. It will be a delectable class for those with a taste for good books and good food. Curriculum may deviate from the standards of AASD nutrition policy. Healthy foods will be prepared when possible.

## Brain Games & Math Challenges

\$5.00

Grades 2-7

Learn the skills of logic while playing board games and working on activities that will challenge and test your skills of logic, memory and reasoning! Designed for students who enjoy mathematics challenges and problem solving. This class is not intended for students needing remedial skills.

## Crafts, Jewelry, and More

\$10.00

Grades 2-3

Create a variety of crafts and jewelry. Projects might include colorful bracelets, necklaces, or even pins using a variety of materials. May also design your own beads and use them to create original jewelry works of art.

## Crazy Chemistry & More

\$10.00

Grades 4-7

Activities and experiments are designed to give a hands-on approach to many of the exciting and fun concepts of science.

## Creating Cars, Comics, and Creatures

\$10.00

Grades 2-4

This isn't your ordinary crafts class! Projects will be centered around transportation, superheroes, monsters, and more.

## Eco Adventures

\$10.00

Grades 2-3

Students will discover through hands-on experiments and exploration many nature aspects of science, emphasizing on plants, animals, and insects.

## Fun with STEM

\$10.00

Grades 3-7

Students will have the opportunity to participate in an innovative, engaging and fun learning class designed around Science, Technology, Engineering, and Math (STEM). This class is all about creating, building, problem solving, and working together to solve a challenge using everyday items. **Example:** Use the following items to launch a marshmallow peep the farthest distance: string, mouse trap, rubber bands, popsicle sticks, paper plates, plastic spoons, and tape. Time will be allotted for planning, research, construction, and testing.

## Kindergarten Here I Come
