

Johnston Elementary Summer School

June 17-July 19 (No class July 1-5)

8:30-11:30

School Site Coordinator: Matt Wolfert wolfertmatthew@asds.k12.wi.us

AASD Summer School Director: Gary Mulry mulrygary@asds.k12.wi.us

AASD Summer Administrative Assistant: Karrie Kadolph kadolphkarrie@asds.k12.wi.us

AASD District Summer School Office Phone: (920) 832-4976

Web site: http://www.asds.k12.wi.us/district/district_departments_contacts/standards_curriculum/summer_school/

Registration will be conducted online this year!

Enrollment in some classes may be limited.

Step 1: Complete the survey/form found [via the link below](#) to choose your summer school site. Completion of this [survey/form is required](#) for your child to be eligible to register for summer school classes. Please complete this survey/form between February 1st and March 21st.

Please see the following website for more information. www.asds.k12.wi.us/families/summer_school_information

Step 2: Course registration opens April 1st. Parents/guardians will register for summer school courses via the Infinite Campus Portal. Student's schedules and fees will also be available for viewing in the Portal within one week of registering the student. Fees may be paid online.

<https://appletonwi.infinitecampus.org/campus/portal/appleton.jsp>

If you do not wish to use the online registration process, please complete and return the last two pages of this packet to the school your child wishes to attend for summer school.

Kaleidoscope and Wilson from 11:45-12:30

For more information, contact Food Service Office (ARAMARK): 832-6221

Course Descriptions

***When looking at grade level, use grade entering in fall.

1st Grade Here I Come

\$15.00

Grade 1

A course designed for children who have completed kindergarten. Students will continue the curriculum from kindergarten, doing enriching math, reading, writing, science, social studies, computers, physical education, and art activities. *Class meets from 8:30-11:30*

2nd Grade Reading Adventures

\$5.00

Grade 2

Students will listen, read and respond to a variety of literature and informational texts for the purpose of identifying their interests and expanding their knowledge of different genres. Students learn to select "just-right" books and are matched to appropriate texts so that they can read for meaning and fluently apply reading strategies and foundational skills during guided practice. Students use writing and illustration to express their ideas. Lessons in language/word study are brief, focused, and engaging.

3rd – 4th Grade Reading Adventures

\$5.00

Grades 3-4

Students read and respond to a wide variety of literature and informational texts. Students learn to select "just right texts", apply reading strategies, and demonstrate understanding of texts read by asking and answering questions during collaborative discussions. In addition, students write in a variety of ways to share their connections, build upon their knowledge, and express ideas. Lessons in language/word study will develop their understanding of concepts, vocabulary, and grammar.

5th – 7th Grade Reading Adventures

\$5.00

Grades 5-7

Students learn to select and read from a variety of short literature and informational texts representing several genres, formats, and perspectives. They apply reading strategies to understand what is read, describe characters, determine main idea/key details, examine theme, and identify the narrator's point of view. Students read closely, identifying text evidence to support their written reflections and collaborative conversations. Students use their knowledge of language and word study to support understanding while continuing to develop fluency and accuracy.

Advanced Creative Woodshop

\$10.00

Grades 3-7

Advanced woodworking is for those children who are pretty capable of using a hammer and hand saw to make things out of wood. Parents are encouraged to provide leather gloves for their child to help guard against splinters and abrasions.

Basic Computer Programming

\$5.00

Grades 4-7

Students will learn how to use Scratch and program their own interactive stories, games, and animations. Scratch helps young people learn to think creatively, reason systematically, and work collaboratively. Other appropriate elementary focused programs and games may also be used, including Google Docs, Sheets, Slides, Forms, Drawings, and Sites.

Beginning Creative Woodshop

\$10.00

Grades 2-7

Basic use of non-power woodworking tools for sawing, sanding, assembling, and finishing. The beginner class is for those children with little or no experience with using hand tools. Parents are encouraged to provide leather gloves for their child to help guard against splinters and abrasions. Projects done last year will be repeated again this year.

Bits and Bytes

\$5.00

Grades 2-3

Students will learn about technology of the 21st century. Google Drive, Slides, Sheets, and Sites will be used to create and save work in the cloud. Projects will be used to enhance knowledge of technology and skills needed

Booking and Cooking

\$10.00

Grades 2-4

This course integrates literacy and cooking. Each day, children will read and respond to quality children's literature. It will be a delectable class for those with a taste for good books and good food. Curriculum may deviate from the standards of AASD nutrition policy. Healthy foods will be prepared when possible.

Brain Games & Math Challenges

\$5.00

Grades 2-7

Learn the skills of logic while playing board games and working on activities that will challenge and test your skills of logic, memory and reasoning! Designed for students who enjoy mathematics challenges and problem solving. This class is not intended for students needing remedial skills.

Crafts, Jewelry, and More

\$10.00

Grades 2-3

Create a variety of crafts and jewelry. Projects might include colorful bracelets, necklaces, or even pins using a variety of materials. May also design your own beads and use them to create original jewelry works of art.

Crazy Chemistry & More

\$10.00

Grades 4-7

Activities and experiments are designed to give a hands-on approach to many of the exciting and fun concepts of science.

Creating Cars, Comics, and Creatures

\$10.00

Grades 2-4

This isn't your ordinary crafts class! Projects will be centered around transportation, superheroes, monsters, and more.

Creative Reading, Writing, Drawing

\$10.00

Grades 4-7

Do you want to have fun creating your own works of art that go with your own written works? This class is for those students that love to read, write, and draw, and who love to create their own worlds, characters, and places. The sky is the limit! All you need is an imagination!!

Eco Adventures

\$10.00

Grades 2-3

Students will discover through hands-on experiments and exploration many nature aspects of science, emphasizing on plants, animals, and insects.

Games Galore **\$10.00** **Grades 2-7**
 No technology here! Remember the good old-fashioned board game? Use your strategy and thinking skills while learning to play a variety of different board games from the classics to some you may have never played before. Use what you've learned to create and build your own game to share with the class. This is your chance to be clever, create challenges, and fill your games with surprises, suspense, and traps!

Kindergarten Here I Come **\$15.00** **Grade 5K**
 This course is designed to introduce and/or reinforce basic readiness skills for kindergarten. *Class meets from 8:30-11:30*

Math Reinforcement for 2nd Grade **\$5.00** **Grade 2**
 This course is designed for students who need assistance and practice with counting, addition and subtraction, telling time, place value, and solving word problems.

Math Reinforcement for 3rd-4th Grade **\$5.00** **Grades 3-4**
 This course is designed for students who need assistance and practice with addition and subtraction, multiplication and division, place value, telling time, identifying and counting money, understanding of fractions as numbers and solving word problems.

Math Reinforcement for 5th - 7th Grade **\$5.00** **Grades 5-7**
 This course is designed for students who need assistance and practice with multiplication and division, operations with multi-digit whole numbers and decimals, telling time, equivalence and ordering of fractions, unit fractions, operations with fractions, counting money and making change, and solving word problems.

No-Bake Cooking **\$10.00** **Grades 3-7**
 Learn the basics of cooking in safe and fun environment. No-bake cooking provides students exposure to fundamental cooking skills without having to use an oven. Curriculum may deviate from the standards of AASD nutrition policy. Healthy foods will be prepared when possible.

Sports of all Sorts **\$5.00** **Grades 2-4**
 Students will learn specific sport skills. Each week a different sport will be the focus of skill development. The sports include volleyball skills, basketball skills, soccer skills, and softball/baseball skills.

STEM Challenge **\$10.00** **Grades 4-7**
 Students will have the opportunity to participate in an innovative, engaging and fun learning class designed around Science, Technology, Engineering, and Math (STEM). This class is all about creating, building, problem solving, and working together to solve a challenge using everyday items. **Example:** Use the following items to launch a marshmallow peep the farthest distance: string, mouse trap, rubber bands, popsicle sticks, paper plates, plastic spoons, and tape. Time will be allotted for planning, research, construction, and testing.

Team Sports and Activities **\$5.00** **Grades 2-7**
 Students will experience a variety of physical education games, activities, and skills. Sportsmanship, team cooperation, as well as skills will be emphasized.

Tween Art Scene **\$10.00** **Grades 4-7**
 Students will create cool crafts and projects geared toward their age group.
