

Classical Charter Summer School

June 17-July 19 (No class July 1-5)

8:30-11:30

School Site Coordinator: Kari Campshure campshurekari@asds.k12.wi.us

AASD Summer School Director: Gary Mulry mulrygary@asds.k12.wi.us

AASD Summer Administrative Assistant: Karrie Kadolph kadolphkarrie@asds.k12.wi.us

AASD District Summer School Office Phone: (920) 832-4976

Web site: http://www.asds.k12.wi.us/district/district_departments_contacts/standards_curriculum/summer_school/

Registration will be conducted online this year!

Enrollment in some classes may be limited.

Step 1: Complete the survey/form found [via the link below](#) to choose your summer school site. Completion of this [survey/form is required](#) for your child to be eligible to register for summer school classes. Please complete this survey/form between February 1st and March 21st.

Please see the following website for more information. www.asds.k12.wi.us/families/summer_school_information

Step 2: Course registration opens April 1st. Parents/guardians will register for summer school courses via the Infinite Campus Portal. Student's schedules and fees will also be available for viewing in the Portal within one week of registering the student. Fees may be paid online.

<https://appletonwi.infinitecampus.org/campus/portal/appleton.jsp>

If you do not wish to use the online registration process, please complete and return the last two pages of this packet to the school your child wishes to attend for summer school.

To enroll, complete form on AASD summer school website

Course Descriptions

***When looking at grade level, use grade entering in fall.

NEW!! Booking and Cooking

\$10.00

Grades 2-4

This course integrates literacy and cooking. Each day, children will read and respond to quality children's literature. It will be a delectable class for those with a taste for good books and good food. Curriculum may deviate from the standards of AASD nutrition policy. Healthy foods will be prepared when possible.

NEW!! Brain Games & Math Challenges

\$5.00

Grades 3-8

Learn the skills of logic while playing board games and working on activities that will challenge and test your skills of logic, memory and reasoning! Designed for students who enjoy mathematics challenges and problem solving. This class is not intended for students needing remedial skills.

NEW!! Crafts, Jewelry, and More

\$10.00

Grades 2-3

Create a variety of crafts and jewelry. Projects might include colorful bracelets, necklaces, or even pins using a variety of materials. May also design your own beads and use them to create original jewelry works of art.

NEW!! Creating Cars, Comics, and Creatures

\$10.00

Grades 2-4

This isn't your ordinary crafts class! Projects will be centered around transportation, superheroes, monsters, and more.

NEW!! Fun with STEM

\$10.00

Grades 3-7

Students will have the opportunity to participate in an innovative, engaging and fun learning class designed around Science, Technology, Engineering, and Math (STEM). This class is all about creating, building, problem solving, and working together to solve a challenge using everyday items. **Example:** Use the following items to launch a marshmallow peep the farthest distance: string, mouse trap, rubber bands, popsicle sticks, paper plates, plastic spoons, and tape. Time will be allotted for planning, research, construction, and testing.

NEW!! Games Galore

\$10.00

Grades 2-8

No technology here! Remember the good old-fashioned board game? Use your strategy and thinking skills while learning to play a variety of different board games from the classics to some you may have never played before. Use what you've learned to create and build your own game to share with the class. This is your chance to be clever, create challenges, and fill your games with surprises, suspense, and traps!

NEW!! Pay it Forward!

\$10.00

Grades 4-8

Students will work collaboratively to research, develop, and deliver a "Pay it Forward" project for the school or the local community. With the teacher as the facilitator, students will use organizational and decision making skills to choose a cause, and develop a plan to carry out a "Pay it Forward" project. Examples include but are not limited to: a food drive, adopting the school grounds, work with Woodshop to build and paint a bench for the park, etc.

NEW!! Saxon Math 6/5

\$5.00

Grades 5-7

This course will help students who have already completed Saxon 6/5. This class will keep concepts fresh such as place value, multiplying three digit numbers, mixed numbers, fractions, decimals, averages, and even some geometry! This 6/5 review will get students ready for the math level; 7/6. Students must have already taken Saxon 6/5 to enroll.

NEW!! STEM Starters

\$10.00

Grades 2-4

Students will have the opportunity to participate in an innovative, engaging and fun learning class designed around Science, Technology, Engineering, and Math (STEM). This class is all about creating, building, problem solving, and working together to solve a challenge using everyday items. **Example:** Use the following items: rubber bands, popsicle sticks, paper plates, plastic spoons, and tape to build bridges and more. Time will be allotted for planning, research, construction, and testing.

NEW!! Summer Newspaper

\$5.00

Grades 4-8

Learn to develop, lay-out, and create a student newspaper filled with high-interest stories, opinions, advice, graphs, poetry, ads, and cartoons. Be a writer, reporter, movie reviewer, or interviewer!

1st Grade Here I Come

\$15.00

Grade 1

A course designed for children who have completed kindergarten. Students will continue the curriculum from kindergarten, doing enriching math, reading, writing, science, social studies, computers, physical education, and art activities. *Class meets from 8:30-11:30*

Basketball and Volleyball Skills

\$5.00

Grades 4-8

Have fun this summer and get some exercise! In this class you will learn the basic skills needed for basketball and volleyball. Regular attendance is requested in order to learn all basic skills and have practice games. This class is for students entering 4th grade and above.

Blast-Off to Outer Space

\$10.00

Grades 2-5

Students will learn about the stars, sun, planets, and moons in our solar system. Students will investigate these concepts through various hands-on activities.

Computer Skills & More

\$10.00

Grades 4-8

Students will learn Chromebook skills needed for the upper grades. Activities will focus on learning a variety of skills needed to operate Chromebooks efficiently.

Dance!

\$5.00

Grades 2-8

Students will practice elements of salsa, learn some line dances, and move to music in grades 2-4; learn some Zumba-like dancing, salsa, line dancing, and practiced choreography in grades 4-6; and we'll crank up the music as we move through high(er)-intensity line dances, salsa, and choreographed Zumba-type dances in grades 6-8. No partners and no experience necessary!

Dinosaurs	\$10.00	Grades 2-4
Come learn more about the world of dinosaurs. This course will integrate reading and writing as the students learn about the many types of dinosaurs, how they lived, and the theories about why they are extinct.		
Frisbee Golf	\$5.00	Grades 3-8
Golf rules, etiquette, and safety will be emphasized as each student plays golf with a frisbee instead of woods and irons. Individual improvement will be monitored and teams games such as scramble, alternate shot, and best ball will be played.		
Introductory Keyboarding & More	\$5.00	Grades 3-8
The ability to type is an important skill in today's technology-driven world. This computer keyboarding class is designed for students with little or no previous keyboarding (typing) experience. In this course the student will learn the alphabetic keyboarding technique. The class will emphasize the development of typing speed and accuracy. Younger students enrolling in this class must have the ability to concentrate for long periods of time.		
Kindergarten Here I Come	\$15.00	Grade 5K
This course is designed to introduce and/or reinforce basic readiness skills for kindergarten. <i>Class meets from 8:30-11:30</i>		
Math Reinforcement at Classical	\$5.00	Grades 2-4
This class is designed for students who need reinforcement in the basic skills of math. Practice and skill-building will be targeted toward the specific skills needed for success in the Saxon programs at Level 1, 2, 3 and 5/4.		
No-Bake Cooking	\$10.00	Grades 3-7
Learn the basics of cooking in safe and fun environment. No-bake cooking provides students exposure to fundamental cooking skills without having to use an oven. Curriculum may deviate from the standards of AASD nutrition policy. Healthy foods will be prepared when possible.		
One Day Wonders	\$10.00	Grades 2-8
Inquisitive students wanted! Join us for a class of wonders where each day we will explore something new. Topics will range from crafts, playacting, outdoor adventures, history, math, games, and more! Each day will present a new learning surprise.		
Primary Art	\$10.00	Grades 2-3
Hands-on art class will emphasize the important elements of making and appreciating art. Students will produce art from a variety of media and cultures. Students will gain a broad understanding of key periods in art through lessons in art production and critiques!		
Reader's Theater	\$10.00	Grades 2-8
Students will work in a different performing troupe each week! They will be given a script and will read lines, make props, create scenery, and make costumes for a performance each Friday.		
Running Club	\$5.00	Grades 2-8
Students will learn about the importance of healthy lifestyles and being physically active. Every day, students will warm up, RUN/JOG, and cool down. By the end of the course, students will run 1 mile around the track.		
Saxon Algebra 1/2 (pre-algebra)	\$5.00	Grades 6-8
Firm up your math skills during summer school. The Saxon Algebra $\frac{1}{2}$ class covers exponents (negative and positive), roots, surface area, volume, multiple conversions for metric and US units of measure, proportions and more. Conquer problem areas and be ready for new math challenges next September.		
Saxon Math 7/6	\$5.00	Grades 5-7
Firm up your math skills during summer school. The Saxon 7/6 math class covers decimals, fractions, conversion of metric and US units of measure, area of a variety of figures, and more. Participate in this math review and be ready for new math challenges next September.		
STEM Challenge	\$10.00	Grades 4-7
Students will have the opportunity to participate in an innovative, engaging and fun learning class designed around Science, Technology, Engineering, and Math (STEM). This class is all about creating, building, problem solving, and working together to solve a challenge using everyday items. Example: Use the following items to launch a marshmallow peep the farthest distance: string, mouse trap, rubber bands, popsicle sticks, paper plates, plastic spoons, and tape. Time will be allotted for planning, research, construction, and testing.		
Team Sports and Activities	\$5.00	Grades 2-7
Students will experience a variety of physical education games, activities, and skills. Sportsmanship, team cooperation, as well as skills will be emphasized.		
Tween Art Scene	\$10.00	Grades 4-7
Students will create cool crafts and projects geared toward their age group.		
Upcycled Art	\$10.00	Grades 4-8
The possibilities are endless when you begin creating new items from recycled and reused materials. Students will explore the many uses of everyday materials and ways to create beautiful pieces of art.		
Writer's Workshop	\$5.00	Grades 2-8
Student writers will be provided an opportunity to develop their writing skills, interact with fellow authors, and publish personal works. The class will operate in a Writers Workshop format where students will have a choice in the types of writing and topics they would like to address.
