## What makes Edison special?

Edison Elementary School is an award winning neighborhood school nestled between the Fox River on the East and Lawrence University on the West. We are a community of 300 students and serve children in grades K to Grade 6. Edison started its tradition of excellence as the original Appleton

School, dating back to 1857 when it was known as the First Ward School. Edison is unique because of its wonderful neighborhood atmosphere, eclectic community and an outstanding teaching staff. We have an ideal balance of veteran, mid-career and new teachers who work collaboratively to bring the

best of child centered educational techniques to our students. Additional talent comes to Edison from our Community Partnerships that include Lawrence University, the YMCA, the Boys & Girls Club and local businesses. The Edison PTA is a shining star in service to our students, working daily on behalf of all the children at Edison.
