What Makes Johnston Special?

Tradition Since 1953 Johnston has served as a neighborhood school deeply committed to providing the highest quality public education. We educate and care for 500 wonderfully diverse students in grades K through 6. We value parent involvement and communication.

Innovation Johnston Elementary uses a scheduling model that allows time for students to receive daily en-

richment/intervention opportunities (RtI time). This schedule provides grade level teachers weekly collaboration time to closely monitor student progress and to plan lessons for student success.

Building Character

Johnston staff members meet the needs of all learners by addressing their individual academic, social, and emotional needs.

Our ultimate goal is to prepare them for the 21st Century world they will eventually enter.

The Johnston staff teaches character education classes weekly based on behavioral data to proactively ensure a safe, respectful, and responsible school climate. Anti-bullying is a strong and constant focus of our school-wide social skills lessons.
