

Einstein Middle School Summer School

June 17-July 19 (No class July 1-5)

8:45-11:45

School Site Coordinator: Michele Lynch lynchmichele@asds.k12.wi.us

AASD Summer School Director: Gary Mulry mulrygary@asds.k12.wi.us

AASD Summer Administrative Assistant: Karrie Kadolph kadolphkarrie@asds.k12.wi.us

AASD District Summer School Office Phone: (920) 832-4976

Web site: http://www.asds.k12.wi.us/district/district_departments_contacts/standards_curriculum/summer_school/

Registration will be conducted online this year!

Enrollment in some classes may be limited.

Step 1: Complete the survey/form found [via the link below](#) to choose your summer school site. Completion of this [survey/form is required](#) for your child to be eligible to register for summer school classes. Please complete this survey/form between February 1st and March 21st.

Please see the following website for more information. www.asds.k12.wi.us/families/summer_school_information

Step 2: Course registration opens April 1st. Parents/guardians will register for summer school courses via the Infinite Campus Portal. Student's schedules and fees will also be available for viewing in the Portal within one week of registering the student. Fees may be paid online.

<https://appletonwi.infinitecampus.org/campus/portal/appleton.jsp>

If you do not wish to use the online registration process, please complete and return the last two pages of this packet to the school your child wishes to attend for summer school.

Wilson from 11:45-12:30

For more information, contact Food Service Office (ARAMARK): 832-6221

Course Descriptions

*****When looking at grade level, use grade entering in fall.**

Art Studio

\$15.00

During this four week course, students will participate in an advanced art making environment that will help fine tune their visual art skills. Studio time will be spent diving deep into a variety of art avenues including drawing, painting and sculpture while enhancing problem solving and creative thinking skills.

Cooking

\$15.00

Learn the basics of cooking and baking while discovering some simple healthy substitutions. Come see what new dishes we will be preparing this year! Any of these delicious foods will be great to bring to a gathering of family or friends! Recipes will be distributed during the last week of class so students can recreate their favorite dishes at home. Curriculum may deviate from the standards of AASD nutrition policy. Healthy foods will be prepared when possible.

Digital Explorations

\$5.00

Students will explore digital image editing, digital movie tools, website development and even some of the fundamentals of programming and network gaming. The focus of this course is developing technology literacy through experimentation while having fun and being creative. Students may also expand their editing skills and programming knowledge to create web pages, movies, and interactive 3-D environments.

English Language Arts

\$5.00

Ever want to be someone else? Ever want to explore new worlds? Ever want to try something you never thought possible? This summer, through high-interest teen literature, you'll have an adventure of a lifetime alongside your peers! This adventure will also help you dig deeper into yourself through the art of writing. Throughout the process you will unknowingly become the reader and writer you've always thought you could be. Come along for the ride!

Experimental Concoctions

\$10.00

Do you enjoy science experiments? Then this is the class for you! We will explore the ideas and concepts of science through many different activities and experiments, including making our own silly putty and bouncy balls to fantastic marshmallow shooters. We will create many different chemical reactions, explore different scientific ideas through projects, and begin to understand the science involved in so many common situations and objects we see every day.

Gym & Outdoor Games

\$5.00

Gym and outdoor games such as soccer, softball, kickball, and more provide an excellent activity for coeducational play in which social skills, sportsmanship, cooperation, and team play can easily be developed. Whether you are trying out for your school team or just want to meet new friends, this course will meet your needs. Learn and practice skills, participate in friendly competition, and put your skills into game action FUN!

Intro to Weight Training and Fitness

\$5.00

An introductory class to weight training techniques to increase muscle tone and to improve cardiovascular conditioning. This class will teach safe strength training techniques through a variety of workouts utilizing various fitness equipment. Students will gain a better understanding of their personal physical fitness levels and gain confidence in weight training skills. This class is for beginners both male and female to gain muscle tone, burn some calories, and promote a healthy life style.

Junkbox Wars

\$15.00

Students will work individually and in teams to solve a challenge using a "junk box" filled with everyday items. **Example:** Use the following items to launch a marshmallow peep the farthest distance: string, mouse trap, rubber bands, popsicle sticks, paper plates, plastic spoons, and tape. Time will be allotted for planning, research, construction, and testing.

Math Review and Reinforcement

\$5.00

For students who need assistance and practice with the math concepts from the prior year. Small group and individual instruction will include hands-on practice, math games, and problem solving strategies.

Pay it Forward!

\$10.00

Students will work collaboratively to research, develop, and deliver a "Pay it Forward" project for the school or the local community. With the teacher as the facilitator, students will use organizational and decision making skills to choose a cause, and develop a plan to carry out a "Pay it Forward" project. Examples include but are not limited to: a food drive, adopting the school grounds, work with Woodshop to build and paint a bench for the park, etc.

Rocket Building and Launching

\$15.00

Students will build air pressured rockets as well have the option of building air pressured rocket launchers that they will be able to keep and use for years to come. Students will also build rockets that are powered by a solid fuel engine. Fees include the cost of one rocket and one solid fuel engine as well assembly materials for the air pressured rockets.

STEMania Workshop

\$10.00

Solar Vehicles! Bridges! Hovercrafts and more! Are you creative and like to design and build? If this describes you, come to join this workshop as we design, build and test out various structures and machines. This is a great way to put into practice your math, science and technology skills at all levels.

Study Skills for Middle School**\$5.00**

This class is designed for incoming seventh graders to introduce the students to the middle school environment and allow them to gain an understanding of the study skills that are necessary to be successful at the middle school level. Topics will include but not limited to: getting to know middle school and what resources will help students succeed in their classes, organization skills, general study skills, and test taking strategies. Skills will be taught through lecture and videos, while being reinforced through discussion, activities, and games.

Video Game Design**\$5.00**

Students will learn how to write, design and create their own video game using the platform Gamestar Mechanic. Students will learn the different aspects of video game design and increase their writing skills in an exciting and interactive way.

Volleyball**\$5.00**

Volleyball is an excellent activity for coeducational play in which social skills, sportsmanship, cooperation and team play can easily be developed. Whether you are trying out for your school team or just want to meet new friends-this course will meet your needs. Learn and practice skills; participate in friendly competition, and put your skills into game action FUN!

Lifetime Fitness for You- Located at East High School, North High School, and West High School	FREE
---	-------------

Do you want to increase or tone muscle, lost weight or learn proper eating habits for a healthy lifestyle? This class will provide you with the knowledge to live a healthy lifestyle through cardiovascular conditioning, strength training and nutritional diet. This class will teach proper techniques with emphasis on improved cardiovascular conditioning, body toning and a better understanding of physical fitness and wellness. Workout and diet plans can be individualized for each student. Students can set personal goals and track their progress with the help of the instructors. This class is for the beginner, intermediate or advanced male or female student. Sign up on the first day of attendance at the site you plan to attend or print registration form at http://www.aasd.k12.wi.us/district/district_departments_contacts/standards_curriculum/summer_school/
