Course Descriptions

*****When looking at grade level, use grade entering in fall.**

Advanced Cooking

\$15.00

Explore various foods and nutritional value by making thoughtful choices to menu selections. This hands-on advanced cookery course will indulge your passion of the culinary arts. Curriculum may deviate from the standards of AASD nutrition policy. Healthy foods will be prepared when possible.

Art Studio

\$10.00

During this four week course, students will participate in an advanced art making environment that will help fine tune their visual art skills. Studio time will be spent diving deep into a variety of art avenues including drawing, painting and sculpture while enhancing problem solving and creative thinking skills.

Backstage Crew

\$10.00

Participants will learn the ins and the outs of putting on plays and other performances. Special attention will be paid to lights, sound and set construction. The class will culminate in the support of performances by the Dance and Theater classes.

Basketball

\$5.00

Basketball is an excellent activity to learn life skills such as communication, cooperation, team play, as well as sportsmanship. Whether you are trying out for your school team or just want to meet new friends, this course will meet your needs. Learn and practice skills, participate in friendly competition, and put your skills into game action FUN!

Cooking

\$15.00

Learn the basics of cooking and baking while discovering some simple healthy substitutions. Come see what new dishes we will be preparing this year! Any of these delicious foods will be great to bring to a gathering of family or friends! Recipes will be distributed during the last week of class so students can recreate their favorite dishes at home. Curriculum may deviate from the standards of AASD nutrition policy. Healthy foods will be prepared when possible.

Cool Crafts

\$10.00

Students will be introduced to a variety of two and three-dimensional projects, including painting, drawing, and designing unique creations to decorate lockers, display at home, or give as gifts. Samples will be used to teach techniques. Emphasis is on creativity and self-expression.

Dance

\$5.00

Participants will learn and practice multiple methods of dance. This class will culminate in a performance in conjunction with the Theater and Backstage Crew classes.

Digital Explorations

\$5.00

Students will explore digital image editing, digital movie tools, website development and even some of the fundamentals of programming and network gaming. The focus of this course is developing technology literacy through experimentation while having fun and being creative. Students may also expand their editing skills and programming knowledge to create web pages, movies, and interactive 3-D environments.

English Language Arts

\$5.00

Ever want to be someone else? Ever want to explore new worlds? Ever want to try something you never thought possible? This summer, through high-interest teen literature, you'll have an adventure of a lifetime alongside your peers! This adventure will also help you dig deeper into yourself through the art of writing. Throughout the process you will unknowingly become the reader and writer you've always thought you could be. Come along for the ride!

Fabulous Fiestas

\$10.00

¡Bienvenidos! Welcome to Fabulous Fiestas where we will be learning about the Mexican culture through celebrations like "Día de los Muertos", arts and crafts like piñatas and bark paintings, food and the Spanish vocabulary that is associated with these celebrations. Come join the fun!

Fire Up for Fitness

\$5.00

Students will have access to the Roosevelt Fitness Center. Students will learn the fundamentals of weight training, cardio training, resistance training and stretching. Students will learn a variety of methods and equipment in order to reach their peak performance.

Fun with Fashion

\$10.00

Come join us as we learn to be creative with fabric! Projects include but are not limited to sewing, crocheting and embellishing! Feel free to bring in your own sewing machine (which ONLY you will use) so that you can become familiar with it. Examples of projects include: aprons, chef hats, winter crochet hat, headbands, sleeping masks, stuffed animals, purses, shopping bags, quilts and the list goes on and on! What a great time to begin making gifts for family and friends.

Gym & Outdoor Games

\$5.00

Gym and outdoor games such as soccer, softball, kickball, and more provide an excellent activity for coeducational play in which social skills, sportsmanship, cooperation, and team play can easily be developed. Whether you are trying out for your school team or just want to meet new friends, this course will meet your needs. Learn and practice skills, participate in friendly competition, and put your skills into game action FUN!

Hand-Sewing

\$10.00

In this creative and hands-on class, students will learn varying techniques to sew by hand. You will learn how to create functional items such as accessories, jewelry, and other small items to brighten up your wardrobe and bedroom!

Introduction to Middle School Technologies

\$5.00

An exploration of technologies divided into weekly units. The technologies to be covered include WEB 2.0 (advanced use of the internet), digital audio recording and mixing, video editing, and review basics (PowerPoint, spreadsheet, word processing, etc.).

Jumpstart to Kaleidoscope Academy for 7th and 8th Graders \$5.00

This is a two-hour course is designed for incoming 7th and 8th graders who are new to KA. Over the summer, you will develop your digital portfolio, which is traditionally created during 6th grade. You will also get the opportunity to work on inquiry-based group projects using technology such as Google Drive, Google Classroom and WeVideo. You'll learn the ways of project based learning, become more familiar with technology, and help yourself be more successful once school starts.

Junkbox Wars \$15.00

Students will work individually and in teams to solve a challenge using a "junk box" filled with everyday items. **Example:** Use the following items to launch a marshmallow peep the farthest distance: string, mouse trap, rubber bands, popsicle sticks, paper plates, plastic spoons, and tape. Time will be allotted for planning, research, construction, and testing.

Marvelous Mythology \$5.00

In this class we will dive into the mythical worlds of both Greek and Norse Mythology. We will read about the heroes, heroines, tricksters and monsters that make mythology so interesting. We will also have writing projects like creating our own myths and Facebook profiles for our favorite mythological characters. If you are "mad" for mythology, this is the class for you!

Math Review and Reinforcement \$5.00

For students who need assistance and practice with the math concepts from the prior year. Small group and individual instruction will include hands-on practice, math games, and problem solving strategies.

Pay it Forward! \$10.00

Students will work collaboratively to research, develop, and deliver a "Pay it Forward" project for the school or the local community. With the teacher as the facilitator, students will use organizational and decision making skills to choose a cause, and develop a plan to carry out a "Pay it Forward" project. Examples include but are not limited to: a food drive, adopting the school grounds, work with Woodshop to build and paint a bench for the park, etc.

Rocket Building and Launching \$15.00

Students will build air pressured rockets as well have the option of building air pressured rocket launchers that they will be able to keep and use for years to come. Students will also build rockets that are powered by a solid fuel engine. Fees include the cost of one rocket and one solid fuel engine as well assembly materials for the air pressured rockets.

Scrapbooking \$10.00

Participants will create their own scrapbook utilizing different media. Traditional scrapbooking supplies as well as digital photography will be used.

STEMania Workshop \$5.00

Solar Vehicles! Bridges! Hovercrafts and more! Are you creative and like to design and build? If this describes you, come to join this workshop as we design, build and test out various structures and machines. This is a great way to put into practice your math, science and technology skills at all levels.

Theater \$10.00

This class will focus on performance skills. At the end of summer school, participants will perform a play in conjunction with the Dance and Backstage Crew classes.

Video Game Design \$5.00

Students will learn how to write, design and create their own video game using the platform Gamestar Mechanic. Students will learn the different aspects of video game design and increase their writing skills in an exciting and interactive way.

Volleyball \$5.00

Volleyball is an excellent activity for coeducational play in which social skills, sportsmanship, cooperation and team play can easily be developed. Whether you are trying out for your school team or just want to meet new friends-this course will meet your needs. Learn and practice skills; participate in friendly competition, and put your skills into game action FUN!

Lifetime Fitness for You- Located at East High School, North High School, and West High School FREE

Do you want to increase or tone muscle, lost weight or learn proper eating habits for a healthy lifestyle? This class will provide you with the knowledge to live a healthy lifestyle through cardiovascular conditioning, strength training and nutritional diet. This class will teach proper techniques with emphasis on improved cardiovascular conditioning, body toning and a better understanding of physical fitness and wellness. Workout and diet plans can be individualized for each student. Students can set personal goals and track their progress with the help of the instructors. This class is for the beginner, intermediate or advanced male or female student. Sign up on the first day of attendance at the site you plan to attend or print registration form at http://www.aasd.k12.wi.us/district/district_departments_contacts/standards_curriculum/summer_school/
